Criminal Justice Dashboard: Quick Reference Sheet for Users

In 2009, the Governor's Office of Crime Control & Prevention (GOCCP) joined efforts with the Department of Public Safety & Correctional Services (DPSCS), as well as various state and public safety agencies to develop the Criminal Justice Dashboard ("Dashboard"), a one-stop shop of public safety data and information, to help public safety officials make Maryland a safer place. Since that time, the Dashboard Steering Committee has worked hard to ensure the efficiency, availability, and security of additional resources. The Dashboard has obtained national recognition and won two prestigious awards in 2011 including the Council of State Government's 2011 Innovations award and the Oracle Fusion Middleware Innovation Award. The Dashboard also won the 2012 Harvard Bright Idea Award which recognizes and promotes excellence and creativity in the public sector.

Through the Dashboard, a variety of information can be accessed:

|		
Name	Criminal History	Juvenile Record
Physical Description	Parole & Probation Information	MVA Information
Date of Birth	Pretrial Case History	Gun Registration Information
Photo and Profile	Incarceration History	Employment Information
Home Address	Sex Offender Information	DLLR Licensing Information
ID Numbers (SID, DOC, DPP, etc.)	Protective Order Information	Hunting and Fishing License Information
Cautions and Alerts	Warrant Information	DNA Collection Information

And Much More!!!!!

Innovative Features of the Dashboard

Facial Recognition

The facial recognition capability is now available on the Dashboard. Approximately 10 million photos have been uploaded into the Dashboard from the Maryland Central Photo Repository. A photo or good sketch can be copied to the Dashboard where a comparison is made to the 10 million photos and the closest matches will be displayed. In order to improve the effectiveness of this feature, DPSCS coordinated with the MVA and FBI to add more photos to the Dashboard.

Warrant Search

A new warrant database was added to the Dashboard. This database contains warrants at the District, Circuit, and the Federal level. These warrants can be searched by categories such as date range, charge description, offender name, or county to name a few. Reports can be created on active Maryland warrants by jurisdiction, charge type, or by the length of time the warrant is open. Through the Maryland Offender Management System (MOMS) provided by Washington College, every warrant in the state of Maryland is mapped by the offender's home address. In addition to all warrants, Parole and Probation offenders, VPI offenders, DJS clients, and sex offenders are also mapped and displayed on the Dashboard.

Criminal Justice Dashboard:
Quick Reference Sheet for Users

Providing the tools necessary for a safer Maryland

The user may use the Dashboard to search for an offender by:

- State Identification Number (SID)
- Last Name
- Driver's License Number
- ZIP Code
- Any combination of the aforementioned search criteria plus First name, Social Security Number, or Date of Birth

What you need to know…

The Dashboard is a data consolidation tool which makes information from 27 agencies available without having to access individual system databases. By using the Dashboard, police officers and public safety personnel are able to save time and compile information through a few computer keystrokes. The Dashboard can be accessed through a secured connection.

To protect privacy rights and to ensure that the data is used for legitimate purposes, access is limited to those who have a valid NCIC User ID and Password. Please note the following:

- Information is for investigative purposes only

- The system of record must be accessed for "probable cause"

- The system will maintain a log of user access

Includes, but is not limited to data from the following agencies:

- Administrative Office of the Courts/JIS

- Baltimore Police Department Gun Offender Registry

- CJIS - Central Repository

- CODIS (DNA Database)

- DPSCS - Baltimore City - Intake, Detention, and Pre-Trial

- DPSCS – Parole and Probation GPS Monitoring

- DPSCS - Corrections

- Department of Health & Mental Hygiene

- Department of Juvenile Services

- Department of Labor, Licensing, and Regulation

- Department of Natural Resources

- High Intensity Drug Trafficking Area

- Maryland Central Photo Repository

- Maryland Department of Education

- Maryland State Police

- Motor Vehicle Administration

- Sex Offender Registry

- Washington D.C. Metropolitan Police
